## GUARANTEE

Wash-Day  
wring  
of  
Worry

A "Guarantee" Anchor Brand Wringer is the best friend a woman can have on wash day. It turns easily because of its easy-running ball bearings and elastic rubber rolls. Because of the strength and elasticity of rolls, they stand long and serve well. For the same reason, they wring better, more uniform and without tearing garments or breaking buttons. The manufacturer guarantees it for 3 years—and so do we. If we know of a better wringer than the Guarantee you know us well enough to know we would be selling that other brand. Anchor Brand Wringer Tag attached to each wringer.

TOWARD DEBT  
ON PLAYGROUNDRed Jacket Business Men Make  
Splendid Contributions

The Calumet Park and Playground association makes public acknowledgment of contributions amounting to \$282.87, by the business men of Red Jacket, towards a fund to meet the deficit incurred in preparing the Red Jacket park and playground earlier in the summer. Subscription lists were circulated by residents who have the welfare of the "kids" at heart, just at the outbreak of the general European war, and although the project was abandoned before its completion because of the local effect of that war, the progress made indicates that the public generally has come to a keener appreciation of the benefits to be derived from the playground.

The amount above referred to does not quite meet the indebtedness incurred, but at a more opportune time, there is little question the difference will be made up. The effort had to do solely with the Red Jacket playground. The obligations were incurred by the Playground association in the completion of the Red Jacket playground and business men of Red Jacket feel the responsibility of shouldering the burden.

The contributions which went to make up the total above referred to were voluntary, in amounts of from \$1 to \$10, and the Playground association feels very grateful to the donors for the assistance given by the following contributors:

Keckonen Hardware company, Paucett Bros. & Guck, Barsotti Bros., Hoffenberg Bros., L. G. Sewing, Wm. Jones, the Peoples Fuel company, Herman Haas, Plinter Leavitt, Lot Gartner, F. B. Vastlander, W. MANY EXHIBITS CERTAIN  
FOR THE KEWEENAW FAIRPOULTRY SHOW WILL BE ONE OF  
THE BEST HELD IN THE  
NORTHWEST.

That exhibits of live stock and produce for the Keweenaw Fair which opens Tuesday in the Gladiolus, will be numerous, is certain from the applications received for entry blanks. Entries will be received on the first day of the fair and must be in their proper place by the forenoon of the second day. Entry fees are provided for live stock and poultry departments only, and in these, membership in the association only is required of exhibitors.

The poultry department, which will be under the personal direction of Manager James A. Daley and John G. Bennett whose experience in this direction is well known, promises to be one of the best exhibitions of its kind ever held in the northwest, comparing favorably with the annual mid-winter exhibitions. Because of the large number of entries, exhibitors will be limited to two males and four females in any one variety of a class.

All exhibits will be transported to Mohawk by the Mineral Range, Copper Range and Keweenaw Central roads at the usual rates and will be returned free when accompanied by the secretary's certificate.

The association reserves the right to award no premium, either with or without competition, if in the estimation of the judges, the articles is deemed unworthy of a premium.

## NO GROUNDS FOR ACTION.

Complainant in Justice Court Case  
Not Afraid of Threats.

The case of George Mehelich, who was placed under arrest some time ago at the request of Mel Duganiza, who urged that he be required to provide bonds to keep the peace because of threats he is alleged to have made, was last evening dismissed by Justice Fisher, after a hearing on the finding there were no grounds for action.

Duganiza appeared to be a very terrified mortal when he appeared to make complaint, claiming Mehelich had threatened to shoot him and that he feared the threat would be followed by action. When questioned closely last evening, however, he admitted he was not afraid, and this being the case the court could find no reason for placing the defendant under bond.

LOCALS WOULD  
MEET WINNERSCalumet Baseball Team Issues a  
Challenge to League Champs

The management of the Calumet baseball team in the C. & H. league today issued a sweeping challenge to the winning team in Saturday's baseball tournament, agreeing to play the latter organization for a side bet of \$50 on the following Saturday. A division of the gate receipts also will be arranged.

Although the Calumet team is not one of the three organizations which will compete Saturday for the baseball championship, it is recognized as a classy organization, able to make a first-class showing against either of the three teams mentioned above. In fact, but a slight misfortune kept the locals from being one of the teams to compete for the league honors. The teams participated in three games in the last week of the season and this fact imposed a strenuous burden on Foley, the star twirler for Calumet, he having been placed on the firing line in all three contests. In the last he weakened slightly enabling Hubbell to get away with the decisive game. The Calumet management and players have every confidence the team can defeat the league champs and are willing to back this opinion with good hard cash. It is likely the debt will be accepted.

Reports indicate the sale of tickets for Saturday's tournament has exceeded expectations. It is felt the crowd in attendance will be worthy of the splendid charitable cause for which the games are to be played, the raising of a fund for the Calumet Associated Charities. Four special street cars will be chartered for the fans of the Torch Lake towns who desire to attend the contest.
